RE: OXIDATION DITCH PADDLES

In reference to the capital budgeted oxidation ditch paddles, we have received a quote from Lakeside Equipment for \$15,840. Lakeside Equipment is a sole source provider for this item since they are the original manufacturer for the equipment in our oxidation ditch. We can only order the paddles and fasteners from Lakeside for everything else to match up correctly. We had an original request for \$20,000.00 in the 2021 budget, leaving us with a savings of \$4,160.00 on this item. I would like to move forward with this purchase upon approval. If you have any questions, please feel free to contact me.

Thank you,

Lance Eley, WWTF Supt.
