Aurora, MO 65605

Re: City of Aurora Overlay

Dear Mr. Jordan

Blevins Asphalt Construction Company Inc. would like to extend the existing Contract with The City of Aurora for one additional year at the current contract prices. The Contract year would begin March 17, 2021 and terminate on June 30, 2021. Should the City decide they would like to pave after June 30th, 2021 Blevins Asphalt would agree to this as long as a we could increase asphalt prices based on the current MoDot asphalt index at given time.

Please respond by affixing your signature and indicating your intentions on the bottom of this letter and returning this document to Blevins Asphalt Const. Co., Inc.

The Following are the 2020 annual prices that will be held through 6/30/2021:

-Street Resurfacing	\$60.40/Ton
-Parks & Cemetery Paving	\$71.70/Ton
-Milling	\$5.05/SY

Sincerely,

Jeran Cordova
Project Manager
